

# Cross-Canadian Collaboration in Surgery: NSQIP as a Catalyst

4<sup>th</sup> Annual Surgical Quality Action Network Meeting

FEBRUARY 18

0830 – 1545

This session will help participants:

- Show the benefits of NSQIP as a catalyst for change
- Discuss opportunities and problems in surgical improvement: technical and adaptive
- Profile methods and improvement approaches that are successful
- Cultivate change agents who can experiment and innovate
- Identify the top 5 focus areas in surgical improvement for 2015
