

LOUD in the ED

BC PATIENT SAFETY & QUALITY COUNCIL

Coaching Call #1

Monday, November 16, 2020
1200 - 1300

Funded by:

Ministry of
Mental Health
and Addictions

We Are Recording!

Personal information in this initiative is collected under s.26(c) and 26(d)(ii) of the Freedom of Information and Protection of Privacy Act. The information is being collected in order to facilitate learning as part of the Learning about Opioid Use Disorder in the Emergency Department (LOUD in the ED) initiative. This session is being recorded and will be shared on the BCPSQC website. Breakout room discussions will not be recorded. We ask that you refrain from identifying patients, specific team members or offering any other personal information. If you have further questions, please contact the Project Team at loud@bcpsqc.ca

We respectfully acknowledge the land on which we work is the traditional territory of the Coast Salish Peoples, including the unceded homelands of the x^wməθkwəyəm (Musqueam), Sk̓wx̓wú7mesh (Squamish), and sə'íl̓wətał (Tsleil-Waututh) Nations.

Name (pronouns) – Clinical Site
For example: Jack Sparrow (he/him) - KGH

Prescriber Funding Available

- 45 spots for prescribers to complete acute care stream (online components only)
- 5 hours to complete it

<https://survey.bcpsqc.ca/surveys/loud-poatsp-funding>

Nursing Prize Draw

- Nursing staff that submit a Certificate of Completion for the Learning Hub course (and POATSP) will be entered into a draw for 1 of 10 stethoscopes
- You may submit both certificates for an additional entry into the draw
- Use “LOUD Prize Draw” subject line

Nursing Prize Draw

- 5 stethoscopes available exclusively for LOUD in the ED enrolled nurses
- Another 5 open to any ED nurse that submits their certificate through to loud@bcpsqc.ca
- 2 of these will be early bird draws due Dec 10th!

“Awesome & Amazing Rounds”

- 34 year old male brought in with federal guard at 1700
- In waiting room with “withdrawal” triage code
- He had refugee status and was picked up with charges
- No opioid since arrest 2 days before, in withdrawal, begging for relief
- Suboxone induction and RAAC connection

“Awesome & Amazing Rounds”

- 36 yo male came in seeking support for opioid withdrawal, last used fentanyl 28 hours ago
- Currently staying in shelter, life had “fallen apart”
- Was in discomfort- COWS 10 initially, very nauseous
- Was provided gravol; 1 hours later COWS 13 and suboxone 2 mg administered
- BTG kit given and discharged back to shelter
- On bup/nlx 30 days later

Clinical Education Strategies

- Which educational programs have you engaged with? What did you think?
- What are some of the ways you've engaged staff in your department to learn about suboxone in the ED?
- Any barriers?

Breakout Rooms

- Introduce yourselves (name, location, role)
- What has been some of your biggest challenges or hurdles implementing suboxone in your ED thus far?
- What changes have you made that has made a big impact thus far?

Coaching Calls

Coaching Call #2

Tuesday, November 24 @ 0900-1000
