

Stakeholder Engagement Plan

As a team, who will you need to engage to make this improvement successful?

Key Leader	Roles and Responsibilities	How Can We Engage with Them?	What Are We Asking Them to Commit to?
Senior executive/ director level	<ul style="list-style-type: none"> • Provide executive leader sponsorship of the initiative • Maintain forward momentum, especially when confronted with barriers ○ Not intended to find and fix problems, but to support identified areas for improvement and implementation of new ways to support best practice 		
Administrative leadership / manager level	<ul style="list-style-type: none"> • Allocation of resources to ensure data acquisition and analytics • Champion for improvement initiative • Ensures project aim aligns with clinic and/or institution's strategic priorities ○ Remove systemic barriers to initiative success 		
Administration decision support / IT expertise	<ul style="list-style-type: none"> • Provide additional resources or ideas where existing systems do not provide relevant data or do not allow for the integration of decision support into order entry processes 		
Quality improvement specialist leadership	<ul style="list-style-type: none"> • Provide baseline data or an audit of appropriateness in ordering practices to identify potential areas for improvement 		

Point of care clinicians and staff	<ul style="list-style-type: none"> • Provide direct input into quality improvement initiatives that address processes and practices
