

# Quality Forum 2022

MARCH 1-3 | VANCOUVER, BC  
Healing Together, Emerging Stronger.

Health TALKS  
BOLD IDEAS  
Stories That Inspire

## Health Talks Student Contest

The BC Patient Safety & Quality Council is looking for an individual or team of students (maximum of three people) to share their hopes for health care as part of our annual Health Talks event at Quality Forum 2022!

Health Talks will take place on March 1, 2022, and is a *Powered by PechaKucha* event, which means speakers use a visual storytelling platform that simplifies the artful process of inspiring others. PechaKucha is a style of presenting ideas, knowledge and passion in an easy and memorable way. This format is simple, visual and short: 20 images x 20 seconds.

### How to Apply

Once you have your idea, tell us about it using any of the following formats:

- Video (maximum 3.5 minutes)
- Essay (maximum 500 words)
- Design concept, photo, poem... Surprise us!

All students in British Columbia – post-secondary, high school, elementary school – are welcome to apply.

Your hope, or hopes, for health care can be anything. Outside-the-box. Based on experience or a vision for the future. Micro or macro. Your options are limitless!

Don't miss your chance to take the stage alongside a diverse group of speakers and potentially inspire a change to BC's health care system! The winner will also receive one complimentary registration to Quality Forum 2022.

### About the Council

We provide system-wide leadership to efforts designed to improve the quality of health care in British Columbia. Through collaborative partnerships and using evidence-informed strategies, we advance person- and family-centred care, shift culture and improve clinical practice to support high-quality care for every person in our province.

### Winners of the 2021 Student Contest:

#### Lillian Chen

Entry-to-PharmD Student  
(Candidate 2022)  
University of British Columbia

#### Tina Cheng

Master of Public Health Student  
(Candidate 2022)  
University of British Columbia
